

To Connecticut lawmakers and those sphere-heading the regionalization of New Canaan Schools. I am opposed to any REGIONALIZATION as outlined in SB 738, SB 457, SB 874 and now Bill 7192,450-477, 492.

As a New Canaan property owner and resident for 16 years, we have amazing schools, not only for the brightest children but those who need a special education plan. Regionalization is not good for New Canaan or our children. Local control and a VOICE is why our schools are performing well.

Hartford would be better served by allocating resources to emulate New Canaan Public schools — not change it.

New Canaan is the 3rd largest tax payer to Hartford behind Greenwich and Stamford. We are doing more than our share to help the state of Connecticut. Hands Off Our Schools.
